Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 101—Federal Property Management Regulations

SUBCHAPTER H—UTILIZATION AND DISPOSAL

PART 101-44—DONATION OF PERSONAL PROPERTY

Subpart 101-44.3—Donation for Educational, Public Health, and Civil Defense, Including Research or Public Airport Purposes

SEQUENCE OF APPROVAL

Requirements and procedures for screening surplus personal property and donation applications are revised.

Subpart 101-44.3 is amended by revising § 101-44.304 and § 101-44.308 to read as follows:

§ 101-44.304 Donation screening period.

(a) A period of 15 calendar days following the automatic release date shall be provided in which to set aside surplus property determined to be usable and necessary for donation purposes. Reportable surplus property will be set aside for donation when an application for donation is submitted for approval within the donation screening period to

a GSA regional office, with an informational copy to the holding agency. Nonreportable surplus property will be set aside for donation upon notification to a holding agency, within the donation screening period, by a responsible Federal official or by an authorized donee representative, that the property is usable and necessary for donation purposes.

(b) During the prescribed 15-day donation screening period, applications for surplus personal property will be processed by GSA regional offices in accordance with the following sequence:

(1) Department of Defense personal property reportable to GSA in accordance with § 101-43.311 of this subchapter will be reserved for public airport donation during the first five days of the donation screening period, and during the next five days for service educational activities. During the remaining portion of the donation screening period, the property will be available on a first-come, first-serve basis to all donee applicants.

(2) Executive agency personal property, other than personal property of the Department of Defense, reportable to GSA in accordance with § 101-43.311, of this subchapter will be reserved for public airport donation during the first five days of the donation screening period. During the remaining portion of the donation screening period the property will be available on a first-come, first-served basis. This property is not available for donation to service educational activities.

(3) All executive agency personal property not reportable to GSA will be made available for donation on a first-come, first-served basis. Service educational activities are not eligible for donation of nonreportable surplus personal property of executive agencies, other than the Department of Defense.

§ 101-44.308 Approval of applications.

(a) No surplus property will be released by a holding agency for donation until it has received SF 123 bearing the signed approval of the appropriate GSA regional office. In approving donation applications, full effect will be given by GSA regional offices to the sequence established in § 101-44.304. Donation applications which are not fully or properly prepared may be returned to the applicant or held in suspense until required information is made available. Upon request of GSA regional offices, donees will submit any additional information required to support and justify a donation application. Donation applications will not be held to the end of the screening period, but will be approved and distributed as expeditiously as possible. Requests for donation received after the end of the donation screening period may be approved if the property is still available and the holding

activity has agreed to set the property aside pending receipt of donation approval.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Effective date. This amendment is effective September 15, 1965.

Dated: September 13, 1965.

LAWSON B. KNOTT, JR.,
Administrator of General Services.

Title 14—AERONAUTICS AND SPACE

Chapter 1—Federal Aviation Agency

SUBCHAPTER D—AIRMEN

[Reg. Docket No. 6204; Amdt. 61-20]

PART 61—CERTIFICATION: PILOTS AND FLIGHT INSTRUCTORS

Pilot Rating Requirements

The purpose of this amendment to Part 61 of the Federal Aviation Regulations is to provide higher safety standards by assuring that pilots of certain aircraft are fully qualified to act as pilot in command. This section was published as a notice of proposed rule making and circulated as a Federal Aviation Agency Notice No. 64-42 (29 F.R. 13038).

The principal items contained in the notice proposed the following requirements for a pilot in command holding a private, commercial, or airline transport pilot certificate: (a) A category, class and type rating requirement for all aircraft operations in large aircraft or in small turbojet powered airplanes. (Presently the type rating requirement applies to large aircraft when passengers are carried, or, in general, when large aircraft are operated for compensation or hire and type ratings are not issued for small turbojet powered airplanes.) (b) In the case of small aircraft (other than turbojet powered airplanes), a category and class rating for operations involving the carriage of another person, or operations for compensation or hire, or for which the pilot in command receives compensation or hire. (Presently the category and class rating requirement applies for operations involving the carriage of passengers, or, in general, when the aircraft is operated for remuneration). (c) In the case of defined small complex aircraft (other than turbojet powered airplanes), a flight check from a certificated flight instructor or FAA inspector for each type of complex aircraft, for operations involving the carriage of another person, or operations for compensation or hire, or for which the pilot in command receives compensation or hire. (Presently there
